## Hello

Hello St Crispin's Primary Classes 😊  
Every week we are going to send out a home learning sheet with some suggested ideas and activities for the week based around a theme.

### St Crispin's Primary Classes Home Learning Week beginning Monday 8th of June 2020

Theme: Our Bodies

## Numeracy

Measure your body parts with duplo! Line up a tower of duplo until it's the same length as your arm, hand, leg etc. Count the duplo bricks or go to the website below and colour in the chart.

<https://www.themeasuredmom.com/free-human-body-worksheet-for-kids/>

## Science

Use old magazines to cut out different parts of the face. Draw a face shape and work out where each part goes.

Or make a page of noses, or eyes. Try doing a whole body!

## Challenge

Can you wiggle and count your fingers and thumbs while watching these rhymes?

<https://www.youtube.com/watch?v=GxNX89BONi>

## Expressive Arts

Last week we did finger painting – now it's time for feet and toes! Get some big paper on the floor or outside and shallow trays of paint. Have fun!

Why not try to make a picture with your footprint?

## Health and Wellbeing

Walking, running, jumping and hopping. The first two are the easiest but how high can you jump and can you hop on one foot?

Make a hopping and jumping game with some coloured paper on your carpet or outside.
